

Welcome to SISLETS!

(Southern Inner Suburbs Local Exchange Trading System)

***A Community Trading Alternative that offers Skill Sharing, Friendship,
Support and Purchasing Power!***

About S.I.S.L.E.T.S.

SISLETS is a group of people who trade in 'units' (instead of dollars).

Trading takes place on a one-to-one basis or at our monthly markets.

WHAT'S AVAILABLE: Secondhand goods, clothing, alternative therapies, arts & crafts, computer skills, catering, plants, crafts, massage, produce (homemade or home-grown), domestic and general help, health, counselling, transport, tuition and much, much more! In fact anything that is normally available via monetary means can be traded in SISLETS, it all depends on what the members of the group are offering.

Trading is on-line via the CES community trading site: www.communityexchange.net.au

Step out of the monetary system
and experience a whole new way of
buying & selling. A new world awaits you!
